

# INTERNATIONAL REFERRAL FOR MUTUAL LEGAL ASSISTANCE

## FIU-IND / INTERPOL Referral - Offshore Virtual Asset Service Provider

To: Financial Intelligence Unit - India (FIU-IND) / INTERPOL National Central Bureau  
Subject Exchange / VASP: Binance Hot Wallet (Mock)  
Subject Wallet Address: 0xe5292a4c58bad2384b221494cfa730f326a067c2

Whereas the blockchain trace conducted pursuant to an ongoing investigation into illicit fund routing has identified the above wallet address as being held by, or associated with, a Virtual Asset Service Provider that is offshore, unregulated, or otherwise outside the direct jurisdiction of Indian domestic production-order mechanisms (SAHYOG / Section 94 BNSS).

This matter is accordingly referred for action through international cooperation channels, including but not limited to:

1. Request for KYC and account-opening records via FIU-IND's foreign counterpart Financial Intelligence Unit (Egmont Group channel).
2. Request for preservation and disclosure of transaction/IP logs via INTERPOL Purple Notice / diffusion, or a Mutual Legal Assistance Treaty (MLAT) request as applicable.
3. Coordination with the exchange's compliance desk directly, where a voluntary law-enforcement request channel exists.

Investigators are advised that, absent domestic jurisdiction, this wallet CANNOT be frozen directly by a Section 94 BNSS order and requires the above referral route for further action.
